

After the Hurricane Hits

Answers to common questions about hurricane-related property damage

Q: Do homeowners' insurance policies cover flooding?

A: Homeowners policies DO NOT cover most flooding. You need separate flood insurance policy to protect your home and belongings against flood damage.

Q: Do automobile insurance policies cover flooding?

A: Yes, if you have purchased comprehensive coverage. If you only have liability coverage, your vehicle is not covered for flooding.

Q: Can I buy flood insurance if my property has flooded in the past?

A: Yes, even if your home has been flooded before. **However, there may be a 30-day delay before flooding is covered. See your insurance agent for details.**

Q: Will federal disaster assistance pay for my flood damage?

A: You may be eligible for federal disaster assistance if your home is in a federally declared disaster area.

Q: My neighbor's tree fell on my property and caused damage. Is the neighbor's homeowners' insurance company responsible for payment of my repairs?

A: Generally speaking, if your neighbor's healthy tree falls on your home, fence, or other property, it is your insurance company's responsibility to pay for repairing the damage. Your neighbor's insurer would probably only accept liability and pay for the damage if the tree was dead or weakened in such a way that the owner should have known it was dangerous before it fell.

Q: How soon does the insurance company have to pay me the money it owes me for the repairs to my property?

A: Sometimes you will receive a check quickly. However, an insurance company has up to 30 days to pay your claim after you give them satisfactory proof of loss.

Q: If I am not satisfied with the service that my insurance company has given me, how do I file a complaint with the Department of Insurance?

A: All complaints should be submitted in writing to the Department of Insurance. You can call us for a form at 1-800-259-5300 or 225-342-1258, or print it off the Web site and mail the completed form and copies of any supporting material to:
