

2015 Annual Health Care Conference

I am pleased to invite you to the Louisiana Department of Insurance 2015 Annual Health Care Conference on Tuesday, March 10 in Baton Rouge.

We will hear from statewide officials and federal representatives who will provide updates on Louisiana's public health care system as well as federal health care reform. Experts from around the state will discuss the

issues surrounding the coverage of mental health and addictive disorders. We will also hear from producers who will address key issues facing their industry today. Finally, we will have the benefit of hearing from the leadership of the major insurance companies in Louisiana who will discuss the local impact of both statewide initiatives and federal health care reform on the private insurance market.

Please make plans to register early. I look forward to seeing you there.
