2017 Annual Health Care Conference

I am pleased to invite you to the Louisiana Department of Insurance 2017 Annual Health Care Conference on Thursday, September 7, 2017 at the Renaissance Baton Rouge Hotel.

This year marks a significant milestone for the Louisiana Health Care Commission and we are pleased to recognize 25 years of dedication and service by commission members. This annual conference is one of the department's most anticipated events and we look forward to another successful gathering this year. We will feature panel discussions on a host of issues including the state of the health care market in Louisiana; federal health care reform; and the prevalence of opioid abuse and steps being taken to curb this dangerous epidemic. Health care is about more than preventive medicine and curing illnesses – its impact extends to the well-being of our communities as well as the greater economy. From policy and current events to emerging trends, please join us as we discuss the future of health care.

We look forward to seeing you there.
