

INSURANCE

the first claim incurred by the covered person was applied to both plans' deductibles and the second claim incurred by a covered person was payable at 100% by both plans, the secondary plan must use the savings realized from the second claim to pay toward the first claim.

The procedure outlined above is illustrated in the various claim examples that follow. For all of the examples, Plan A is the primary plan and Plan B is the secondary plan. Both plans have an 80 percent/20 percent coinsurance requirement. For illustrative purposes, Plan A has a \$25 deductible and Plan B has a \$100 deductible. Claims are assumed to have occurred in the same claim determination period and in consecutive order.

Examples:

Claim Number 1 Actual Charge = \$100	
Plan A	Plan B
\$100	\$100
-25 Deductible	-100 Deductible
\$75	\$0 Payable
80 percent	
\$60 Payable	
Plan A must pay \$60. Plan B makes no payment because it would have no liability under the terms of the policy if it had been primary. No money is available from the benefit reserve account.	
Claim Number 2 Actual Charge = \$5300	
Plan A	Plan B
\$5300	\$5300
-0 Deductible	-0 Deductible
\$5300	\$5300
80 percent	80 percent
\$4240 Payable	\$4240 Payable
The deductible on both plans was calculated in Claim #1. Deductibles will not apply from this claim forward. Plan A must pay \$4240. Plan B must pay the difference between the actual charge and the amount paid by Plan A (\$1060). Plan B must now establish a benefit reserve account. This amount, the savings, is calculated by subtracting the amount it paid from the amount it would have paid if primary (\$4240-\$1060=\$3180). Now Plan B must go back to Claim #1 and pay the \$40 balance of that claim out of the benefit reserve account, leaving a balance in that account of \$3140.	
Claim Number 3 Actual Charge = \$110	
Plan A	Plan B
\$110	\$110
80 percent	80 percent
\$88 Payable	\$88 Payable
Plan A pays \$88. Plan B pays the difference of the actual charge and the amount paid by Plan A (\$22). Plan B would have paid \$88 if primary, but only paid \$22, so the balance of the savings of \$66 goes into the benefit reserve account, which now totals \$3206. Plan B does not have to go back to any other prior claims to pay any incurred, but unpaid, allowable expenses, because there are none outstanding. So, the balance in the benefit reserve account remains unchanged at \$3206.	
Claim Number 4 Actual Charge = \$1500	
Plan A	Plan B
\$1300 RVS	\$1100 RVS
80 percent	80 percent
\$1040 Payable	\$880 Payable

The insured is liable for the difference between the actual charge and the highest amount under the relative value schedule (RSV) reimbursement methodology (\$200). Plan A pays \$1040. Plan B pays the difference between the highest RSV amount and the amount paid by Plan A (\$1300-\$1040=\$260). The benefit reserve account is increased by the difference between what Plan B would have paid if primary and the amount actually paid by Plan B (\$880-\$260=\$620), for a new balance of \$3826.	
Claim Number 5 Actual Charge = \$2295 for 51 visits	
This claim involves spinal manipulation. Plan A provides up to 26 visits per year on an 80 percent/20 percent basis. Total actual charge of \$45 per visit is within RSV limits.	
Plan A	Plan B has no coverage for spinal manipulation. However, because Plan A has coverage under its policy, the claim is considered an allowable expense for the 26 visits. Plan B must pay the 20% coinsurance (\$234) amount for the 26 visits from the benefit reserve account, leaving a final balance of \$3592. The remaining amount of \$1125 for the additional 25 visits is not payable by either Plan A or Plan B because it is not considered an allowable expense under Plan A. Plan A pays benefits for only 26 visits per year. Again, Plan B has no coverage for spinal manipulation.
\$1170 RSV for 26 visits	
80 percent	
\$936 Payable

§510. Minimum Benefit Standards for Pre-Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued for Delivery Prior to July 20, 1992

A. No policy or certificate may be advertised, solicited or issued for delivery in this state as a Medicare supplement policy or certificate unless it meets or exceeds the following minimum standards. These are minimum standards and do not preclude the inclusion of other provisions or benefits which are not inconsistent with these standards.

1. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

d. A noncancellable, guaranteed renewable, or noncancellable and guaranteed renewable Medicare supplement policy shall not:

i. provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium; or

ii. be cancelled or nonrenewed by the issuer solely on the grounds of deterioration of health.

e.i. Except as authorized by the commissioner of this state, an issuer shall neither cancel nor nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

ii. If a group Medicare supplement insurance policy is terminated by the group policyholder and not replaced as provided in §510.A.1.e.iv, the issuer shall offer certificateholders an individual Medicare supplement policy. The issuer shall offer the certificateholder at least the following choices:

(a) an individual Medicare supplement policy currently offered by the issuer having comparable benefits to those contained in the terminated group Medicare supplement policy; and

(b) an individual Medicare supplement policy which provides only such benefits as are required to meet the minimum standards as defined in §516.A.2 of this regulation;

(c) group contracts in force prior to the effective date of the Omnibus Budget Reconciliation Act (OBRA) of 1990 may have existing contractual obligations to continue benefits contained in the group contract. This Section is not intended to impair those obligations.

iii. If membership in a group is terminated, the issuer shall:

(a) offer the certificateholder the conversion opportunities described in §510.A.1.e.ii; or

(b) at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

iv. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new group policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

g. If a Medicare supplement policy eliminates an outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this Subsection.

2. Minimum Benefit Standards

a. Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetieth day in any Medicare benefit period;

b. coverage for either all or none of the Medicare Part A inpatient hospital deductible amount;

c. coverage of Part A Medicare eligible expenses incurred as daily hospital charges during use of Medicare's lifetime hospital inpatient reserve days;

d. upon exhaustion of all Medicare hospital inpatient coverage including the lifetime reserve days, coverage of 90 percent of all Medicare Part A eligible expenses for hospitalization not covered by Medicare subject to a lifetime maximum benefit of an additional 365 days;

e. coverage under Medicare Part A for the reasonable cost of the first 3 pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations or already paid for under Part B;

f. coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to a maximum calendar year out-of-pocket amount equal to the Medicare Part B deductibles (\$183);

g. effective January 1, 1990, coverage under Medicare Part B for the reasonable cost of the first 3 pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations), unless replaced in accordance with federal regulations or already paid for under Part A, subject to the Medicare deductible amount.

AUTHORITY NOTE: Promulgated in accordance with R.S. 22:1111 (re-designated from LSA-R.S. 22:224 pursuant to Acts 2008, No. 415, effective January 1, 2009) and 42 U.S.C. 1395 et seq.

HISTORICAL NOTE: Promulgated by the Department of Insurance, Office of the Commissioner, LR 25:1103 (June 1999), repromulgated LR 25:1483 (August 1999), amended LR 29:2437 (November 2003), LR 31:2905 (November 2005), LR 35:1115 (June 2009), amended LR 44:2189 (December 2018).

§515. Benefit Standards for 1990 Standardized Medicare Supplement Benefit Plan Policies or Certificates Issued for Delivery on or After July 20, 1992 and with an Effective Date for Coverage Prior to June 1, 2010

A. The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state on or after July 20, 1992 and with an effective date for coverage prior to June 1, 2010. No policy or certificate may be advertised, solicited, delivered or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

1. General Standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, copayment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

d. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

e. Each Medicare supplement policy shall be guaranteed renewable.

i. The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

ii. The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under §515.A.1.e.v, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder):

(a). provides for continuation of the benefits contained in the group policy; or

(b). provides for benefits that otherwise meet the requirements of this Subsection.

iv. If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

(a). offer the certificateholder the conversion opportunity described in §515.A.1.e.iii; or

(b). at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

vi. If a Medicare supplement policy eliminates an

INSURANCE

outpatient prescription drug benefit as a result of requirements imposed by the Medicare Prescription Drug, Improvement and Modernization Act of 2003, the modified policy shall be deemed to satisfy the guaranteed renewal requirements of this Paragraph.

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

g.i. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed 24 months), or upon discovery by the insurer that the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance.

ii. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated (effective as of the date of termination of such entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

iii. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan [as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act]. If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within 90 days after the date of the loss and pays the premium attributable to the period, effective as of the date of termination of enrollment in the group health plan.

iv. Reinstitution of coverage as described in Clauses g.ii and iii:

(a). shall not provide for any waiting period with respect to treatment of preexisting conditions;

(b). shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension. If the suspended Medicare supplement policy provided coverage for outpatient prescription drugs, reinstatement of the policy for Medicare Part D enrollees shall

be without coverage for outpatient prescription drugs and shall otherwise provide substantially equivalent coverage to the coverage in effect before the date of suspension; and

(c). shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

h.i. If an issuer makes a written offer to the Medicare Supplement policyholders or certificateholders of one or more of its plans, to exchange during a specified period from his or her 1990 Standardized plan (as described in §520 of this regulation) to a 2010 Standardized plan (as described in §521 of this regulation), the offer and subsequent exchange shall comply with the following requirements:

ii. An issuer need not provide justification to the commissioner if the insured replaces a 1990 Standardized policy or certificate with an issue age rated 2010 Standardized policy or certificate at the insured's original issue age and duration. If an insured's policy or certificate to be replaced is priced on an issue age rate schedule at the time of such offer, the rate charged to the insured for the new exchanged policy shall recognize the policy reserve buildup, due to the pre-funding inherent in the use of an issue age rate basis, for the benefit of the insured. The method proposed to be used by an issuer must be filed with the commissioner in accordance with rate filing procedures prescribed by the commissioner.

iii. The rating class of the new policy or certificate shall be the class closest to the insured's class of the replaced coverage.

iv. An issuer may not apply new pre-existing condition limitations or a new incontestability period to the new policy for those benefits contained in the exchanged 1990 Standardized policy or certificate of the insured, but may apply pre-existing condition limitations of no more than six months to any added benefits contained in the new 2010 Standardized policy or certificate not contained in the exchanged policy.

v. The new policy or certificate shall be offered to all policyholders or certificateholders within a given plan, except where the offer or issue would be in violation of state or federal law.

An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic core package, but not in lieu of it:

§516. Benefit Standards for 2010 Standardized Medicare Supplement Benefit Plan Policies or

Certificates Issued for Delivery with an Effective Date For Coverage on or after June 1, 2010

A. The following standards are applicable to all Medicare supplement policies or certificates delivered or issued for delivery in this state with an effective date for coverage on or after June 1, 2010. No policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards. No issuer may offer any 1990 Standardized Medicare supplement benefit plan for sale on or after June 1, 2010. Benefit standards applicable to Medicare supplement policies and certificates issued with an effective date for coverage prior to June 1, 2010 remain subject to the requirements of §510, §515, §520, and §525.

1 General Standards The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

a. A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

b. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

c. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible, co-payment, or coinsurance amounts. Premiums may be modified to correspond with such changes.

d. No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

e. Each Medicare supplement policy shall be guaranteed renewable.

i. The issuer shall not cancel or non-renew the policy solely on the ground of health status of the individual.

ii. The issuer shall not cancel or non-renew the policy for any reason other than nonpayment of premium or material misrepresentation.

iii. If the Medicare supplement policy is terminated by the group policyholder and is not replaced as provided under §516.A.1.e.v. of this regulation, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder):

(a). provides for continuation of the benefits contained in the group policy; or

(b). provides for benefits that otherwise meet the requirements of this Subsection.

iv. If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall:

(a). offer the certificateholder the conversion opportunity described in §516.A.1.e.iii. of this regulation; or

(b). at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

v. If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

f. Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits. Receipt of Medicare Part D benefits will not be considered in determining a continuous loss.

g.i. A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed 24 months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance.

ii. If suspension occurs and if the policyholder or certificateholder loses entitlement to medical assistance, the policy or certificate shall be automatically reinstated (effective as of the date of termination of entitlement) as of the termination of entitlement if the policyholder or certificateholder provides notice of loss of entitlement within ninety (90) days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

iii. Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for any period that may be provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226 (b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862 (b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides

INSURANCE

notice of loss of coverage within 90 days after the date of the loss.

iv. Reinstitution of coverages as described in Subparagraphs (ii) and (iii):

(a). shall not provide for any waiting period with respect to treatment of preexisting conditions;

(b). shall provide for resumption of coverage that is substantially equivalent to coverage in effect before the date of suspension; and

(c). shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

2. Standards for Basic (Core) Benefits Common to Medicare Supplement Insurance Benefit Plans A, B, C, D, F, F with High Deductible, G, M and N. Every issuer of Medicare supplement insurance benefit plans shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare Supplement Insurance Benefit Plans in addition to the basic core package, but not in lieu of it.

The provider shall accept the issuer's payment as payment in full and may not bill the insured for any balance;

d. Coverage under Medicare Parts A and B for the reasonable cost of the first 3 pints of blood (or equivalent quantities of packed red blood cells, as defined under federal regulations) unless replaced in accordance with federal regulations;

e. Coverage for the coinsurance amount, or in the case of hospital outpatient department services paid under a prospective payment system, the copayment amount, of Medicare eligible expenses under Part B regardless of hospital confinement, subject to the Medicare Part B deductible;

f. Hospice Care: Coverage of cost sharing for all Part A Medicare eligible hospice care and respite care expenses.

3. Standards for Additional Benefits. The following additional benefits shall be included in Medicare supplement

For purposes of this benefit, *emergency care* shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

§545. Loss Ratio Standards and Refund or Credit of Premium

A. Loss Ratio Standards

1.a. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificateholders in the form of aggregate benefits (not including anticipated refunds or credits) provided under the policy form or certificate form:

- i. at least 75 percent of the aggregate amount of premiums earned in the case of group policies; or
- ii. at least 65 percent of the aggregate amount of premiums earned in the case of individual policies.

b. The percentages for Clauses A.1.a.i and ii shall be calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and in accordance with accepted actuarial principles and practices. Incurred health care expenses where coverage is provided by a health maintenance organization shall not include:

- i. home office and overhead costs;
- ii. advertising costs;
- iii. commissions and other acquisition costs;
- iv. taxes;
- v. capital costs;
- vi. administrative costs; and
- vii. claims processing costs.

2. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

3. For purposes of applying Paragraph A.1 of this Section and §550.D.3 only, policies issued as a result of solicitations of individuals through the mails or by mass media advertising (including both print and broadcast advertising) shall be deemed to be individual policies.

4. For policies issued prior to January 20, 1991, expected claims in relation to premiums shall meet:

a. the originally filed anticipated loss ratio when combined with the actual experience since inception;

b. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. when combined with actual experience beginning with January 1, 1998 to date; and

c. the appropriate loss ratio requirement from §545.A.1.a.i. and ii. over the entire future period for which the rates are computed to provide coverage.

B. Refund or Credit Calculation

1. An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the applicable reporting form contained in Appendix A for each type in a standard Medicare supplement benefit plan.

2. If, on the basis of the experience as reported, the benchmark ratio since inception (Ratio 1) exceeds the adjusted experience ratio since inception (Ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

3. For the purposes of this Section, policies or certificates issued prior to January 20, 1991, the issuer shall make the refund or credit calculation separately for all individual policies (including all group policies subject to an individual loss ratio standard when issued) combined and all other group policies combined for experience after January 1, 1998. The first report shall be due by May 31, 2000.

4. A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the Secretary of Health and Human Services, but in no event shall it be less than the average rate of interest for 13-week treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

C. Filing of Rates and Rating Schedules. All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this Section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

1. Each Medicare supplement policy or certificate form shall be accompanied, upon submission for approval, by an original and one copy of an actuarial memorandum. The memorandum shall be prepared, signed and dated by a qualified actuary in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the information listed in the following Subparagraphs:

- e. a table of anticipated loss ratio experience for each year from issue over a reasonable number of years;
- f. a certification that the premiums are reasonable in relation to the benefits provided; and
- g. the entire filing shall be provided in duplicate;
- h. any additional information requested by the commissioner.

2. Subsequent rate adjustments filings, except for those rates filed solely due to a change in the Part A calendar year deductible, shall also provide an original and one copy of an actuarial memorandum, prepared, signed and dated by a qualified actuary, in accordance with generally accepted actuarial principles and practices. The filing shall contain at least the following:

- a. the form number addressed by the actuarial memorandum;
- b. a brief description of benefits provided;
- c. a schedule of rates before and after the rate change;
- d. a statement of the reason and basis for the rate change;
- e. a demonstration and certification by the qualified actuary showing that the past plus future expected experience after the rate change will result in an aggregate loss ratio equal to, or greater than, the required minimum aggregate loss ratio:
 - i. this rate change and demonstration shall be based on the experience of the named form in Louisiana only, if that experience is credible;
 - ii. the rate change and demonstration shall be based on experience of the named form nationwide, if the named form is used nationwide and the Louisiana experience is not credible, but the nationwide experience is credible;
- f. for policies or certificates in force less than three years, a demonstration shall be included to show that the third-year loss ratio is expected to be equal to, or greater than, the applicable percentage;
- g. a certification by the qualified actuary that the resulting premiums are reasonable in relation to the benefits provided;
- h. the entire filing shall be provided in duplicate;
- i. any additional information requested by the commissioner.

3.a. An issuer of Medicare supplement policies and certificates issued before or after the effective date of Regulation 33 (Revised, 1992) in this state shall file

annually no later than December 31 its rates for the upcoming calendar year. Also, supporting documentation including ratios of incurred losses to earned premiums by policy duration shall be submitted for approval by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

b. The filing for purposes of this Subsection shall contain all Medicare supplement plans issued by the issuer and shall not include rate adjustments. 4. As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:

a. appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing;

b. an issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and which are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment which would modify the loss ratio experience under the policy other than the adjustments described herein shall be made with respect to a policy at any time other than upon its renewal date or anniversary date;

c. if an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds or premium credits deemed necessary to achieve the loss ratio required by this Section.

5. Any appropriate riders, endorsements or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

D. Public Hearings. The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of Regulation 33 as revised July 20, 1992 if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner.

The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

AUTHORITY NOTE: Promulgated in accordance with R.S. 22:1111 (re-designated from LSA-R.S. 22:224 pursuant to Acts 2008, No. 415, effective, January 1, 2009) and 42 U.S.C. 1395 et seq.

§565. Requirements for Application Forms and Replacement Coverage

A. Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant currently has Medicare supplement, Medicare Advantage, Medicaid coverage, or any other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing such questions and statements may be used.

B. An application for a Medicare supplement policy shall not be combined with an application for any other type of insurance coverage. The application may not make reference to or include questions regarding other types of insurance coverage except for those questions specifically required under this Section.

1. [Statements]

a. You do not need more than one Medicare supplement policy.

b. If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

c. You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

d. If after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. e. If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstated if requested within 90 days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstated policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

f. Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT INSURANCE OR MEDICARE ADVANTAGE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement or Medicare Advantage insurance and replace it with a policy to be issued by [Company Name] Insurance Company. Your new policy will provide 30 days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement or Medicare Advantage coverage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement or, if applicable, Medicare advantage coverage because you intend to terminate your existing Medicare supplement coverage or leave your Medicare advantage plan. The replacement policy is being purchased for the following reason (check one):

- Additional benefits.
No change in benefit, but lower premiums.
Fewer benefits and lower premiums.
My plan has outpatient prescription drug coverage and I am enrolling in Part D.
Disenrollment from a Medicare advantage plan. Please explain reason for disenrollment. [optional only for Direct Mailers.]

Other: (please specify) _____

1. Note: If the issuer of the Medicare supplement policy being applied for does not, or is otherwise prohibited from imposing pre-existing condition limitations, please skip to Statement 2 below. Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.

2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) to the extent such time was spent (depleted) under the original policy.

3. If, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new

policy and are sure that you want to keep it.

3. An issuer of a Medicare supplement policy or certificate shall not request or require an individual or a family member of such individual to undergo a genetic test.

4. Subsection A.3 shall not be construed to preclude an issuer of a Medicare supplement policy or certificate from obtaining and using the results of a genetic test in making a determination regarding payment (as defined for the purposes of applying the regulations promulgated under Part C of Title XI and Section 264 of the Health Insurance Portability and Accountability Act of 1996, as may be revised from time to time) and consistent with Subsection A.1.

i. compliance with the request is voluntary; and

ii. non-compliance will have no effect on enrollment status or premium or contribution amounts.

c. No genetic information collected or acquired under this Subsection shall be used for underwriting, determination of eligibility to enroll or maintain enrollment

status, premium rates, or the issuance, renewal, or replacement of a policy or certificate.

d. The issuer notifies the secretary in writing that the issuer is conducting activities pursuant to the exception provided for under this Subsection, including a description of the activities conducted.

The disclosure statement may not vary from the attached statements in terms of language or format (type size, type proportional spacing, bold character, line spacing, and usage of boxes around text).
