I am a retired state of Louisiana retiree with 40 years of service. I have had Blue Cross Blue Shield as my health provider regularly throughout my career. Additionally, I have had Blue Cross Blue Shield as my provider consistently by the last 10 years I have been very pleased with the services that they have offered and the coverage I have gotten through the state of Louisiana office of Group Benefits. Even though Governor Bobby Jindal who dismantled OGB, and his sidekicks, Christie Nichols and Liz Merrill, who I know is now the attorney general, tried to slip some details over us at a Committee hearing, all in all, the existing staff have done their very best to keep the active State employees and the state retirees in mind when making decisions affecting our health care options and its cost. Wish I could say the same about the former Division of Administration. I STRONGLY RECOMMEND that you Mr Commissioner of Insurance, VOTE TO DENY THE SALE OF BCBS TO ELEVANCE HEALTH. I believe it to be in the best interest of all current BCBS policyholder, including state employees and retirees. Thank you for your consideration.
