Your Message	<p>I wanted to let you know that I strongly oppose the purchase and merger of BlueCross/BlueShield by Elevance. This large company, Elevance, has had a number of allegations of engaging in business practices detrimental to patients and care givers. This sale to a profit company can mean only one thing, even if not immediately apparent: that insurance premiums will rise and necessary care will be postponed or denied. Such large organizations often delay approval of needed procedures. Please oppose this sale. Thank you.</p>
