I am a Blue Cross/Blue Shield policyholder for 35 plus years and into retirement. I did not receive any letter for a proxy vote for the sale to Elevance. Neither did any of my federal employee friends I spoke with. .to afford the necessities in life and save for their basic needs. I do not see Elevance guaranteeing they won't hike our premiums after the 1st year and whether or not they will reduce our current access to our current doctors, hospitals, and other current medical needs we currently enjoy. The full-page ads touting how wonderful this is going to be for policyholders makes me believe someone would like to take advantage of the policyholders. I do not believe any of the 92,000 people Elevance is offering to give \$3,000 covers all of the currently insured BC/BS of LA policyholders. I am totally against going from a non-profit to a for profit company.
