Your Message	Dear Sirs: We are retirees covered by the Blue Cross-Blue Shield health insurance that we had while working in the state system. We are very concerned about the proposed sale of Blue Cross to Elevance. Elevance has been fined numerous times in other states due to poor treatment of its subscribers and we are afraid that we are about to join that list of mistreated and unhappy people who will lose the Blue Cross coverage that has always been good for us. We urge you to prevent this sale. (You do not need to contact us, just please consider our request). Thank you. Yours, Dr. James Spaulding/Karen Spaulding
