Dear Commissioner, This is a horrible contract for LA Anthem/Elevance is owned by Black Rock. The same Black Rock that owns nearly everything. Which is a fact. They are buying up homes. Businesses. All over the world. This deal adds another huge number of individuals under their control. If you would look at their "holdings", you can see for yourself. This MATTERS. Maybe the Gov is aware, maybe not, but this takeover is profoundly part of the New World Order plan. Its unfair to the people of Louisiana. Any " nonprofit" that comes out of this will not benefit Louisianians. The powers that be will use it to the detriment of Louisianans. Over two hundred non profits in America owned by George Soros. His goal in life is to destroy America. Just ponder what's happening in the Country at this time. We are losing Her. This deal is part of the greater Plan. It is a terrible mistake. Please research. Google is owned by BlackRock as well. May I recommend the search engine, BRAVE. Its private and is not censored like Google who uses AI to remove truthful content. Thank you for your time, A VERY concerned citizen of Louisiana Sincerely
Kim Smith
