I am writing to voice my strong opposition to the sale of BCBS to Elevance. This is a raw deal for every policyholder and employee at BCBS except for those at the very top who stand to gain a great deal financially. The board and the executive team are operating in direct contradiction to their fiduciary duties and are misleading policyholders by even entertaining this deal. Their endorsement of the deal and advertising of it as a big win while using BCBS policyholder paid funds to do so is an insult. Rather than allow the deal to go through, please reject the agreement and investigate the board and executive team of BCBS Louisiana.
