Your Message	<p>I am a retired state employee from state police. Where can I get the information on this proposed buy out of blue cross and where can I get the truth about what is proposed. On the surface, this looks like we are all about to get the shaft. Why a for profit would buy out a non profit just smells bad. It would be greatly appreciated if we could get some direction on the pros and cons of this so we can get with our medical professionals to see how bad this is going to hurt us</p>
