RE: Proposed BCBSLA reorganization

We are BCBS of Louisiana policy holders and we are OPPOSED to the proposed conversion to a for profit company under the Elevance Health umbrella. We will submit our NO proxy votes by mail. Converting to a for profit, out of state company is a mistake. The policy holders will pay higher premiums, and ultimately many Louisiana workers will lose jobs. We are happy with our BCBS coverage and we are against any conversion, merger, reorganization, etc.
