

DECLARATION OF EMERGENCY

Department of Insurance Office of the Commissioner

Emergency Rule 41—Medical Surge-Related Patient Transfers in Louisiana during the Outbreak of Coronavirus Disease (COVID-19) (LAC 41:XI.Chapter 41)

On January 31, 2020, the United States Department of Health and Human Services Secretary Alex A. Azar declared a public health emergency (PHE) for the United States to aid the nation's healthcare community in responding to the coronavirus disease (COVID-19). The United States Centers for Disease Control and Prevention (CDC) has declared COVID-19 a worldwide pandemic due to its global effect. Furthermore, on March 13, 2020, President Donald Trump invoked the Stafford Act and declared a national emergency regarding the COVID-19 outbreak. COVID-19 has been detected in the state of Louisiana with a growing number of residents testing positive for the disease. There is reason to believe that COVID-19 may spread among the population by various means of exposure, therefore posing a significant risk of substantial harm to a large number of citizens.

Emergency Rule 41 is issued to address the statewide public health emergency declared to exist in the state of Louisiana as the result of the imminent threat posed to Louisiana citizens by COVID-19, creating emergency conditions threatening the lives and health of the citizens of this state. As such, Emergency Rule 41 is issued under the authority of the Commissioner of Insurance for the State of Louisiana, pursuant to the following: Proclamation No. JBE 2020-25 issued on March 11, 2020, by Governor John Bel Edwards declaring a State of Emergency extending from March 11, 2020, through April 9, 2020, unless terminated sooner and Proclamation No. JBE 2020-29 issued on March 14, 2020, transferring authority over certain insurance matters to Commissioner of Insurance James J. Donelon, Proclamation No. JBE 2020-37 issued on March 26, 2020 transferring authority over certain insurance matters to Commissioner of Insurance James J. Donelon. Additionally, Emergency Rule 41 is being issued following the issuance of Proclamation No. JBE 2020-33 issued on March 22, 2020 by Governor John Bel Edwards declaring a stay at home order and closure of nonessential businesses until April 13, 2020 unless terminated sooner.

Accordingly, Emergency Rule 41 shall apply to all health maintenance organizations (HMOs), managed care organizations (MCOs), preferred provider organizations (PPOs), pharmacy benefit managers (PBMs), and third party administrators (TPAs) acting on behalf of an HMO, MCO, PPO, and any and all other insurance related entities licensed by the Commissioner or doing business in Louisiana (collectively known as "health insurance issuers") and their insureds, policyholders, members, subscribers, enrollees and certificate holders.

COVID-19 has created a mass disruption to the normalcy previously enjoyed by Louisianans and is an immediate threat to the public health, safety, and welfare of Louisiana citizens. Moreover, the unique nature of the COVID-19 pandemic is such that acute care hospitals in heavily affected areas are increasingly being tasked with transferring patients to other area facilities to maximize beds and supplies available to treat COVID-19 patients. The State of

Louisiana, through the Louisiana Department of Health, has adopted a public policy supporting the use of health care facilities not traditionally used in the delivery of general acute care to augment the inpatient capacity of acute care hospitals through the acceptance of inpatient transfers that may not otherwise be permissible. In order for this public policy to be implemented safely and effectively and to promote continued network adequacy, it is necessary for insurers to appropriately cover such post-transfer care. In order to respond to the emergency and to protect and safeguard the public health, safety, and welfare of the citizens of this state, it is necessary to issue Emergency Rule 41.

WHEREAS, pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, *et seq.*, the Governor declared a Public Health emergency in Proclamation Number 25 JBE 2020;

WHEREAS, on March 13, 2020, in emergency proclamation 27 JBE 2020, the Governor supplemented the measures taken in his declaration of a Public Health Emergency with additional restrictions and suspensions of deadlines and regulations in order to protect the health and safety of the public from the threat of COVID-19;

WHEREAS, the COVID-19 pandemic has necessitated an increased need for supply chain movement of commerce that extends beyond the normal call for demand and business hours;

WHEREAS, the Federal Motor Carrier Safety regulations, 49 CFR 390, *et seq.*, limit the hours operators of commercial motor vehicles may drive;

WHEREAS, 49 CFR 390.23 provides an exemption from these regulations for up to 30 days if an emergency has been declared by the Governor;

WHEREAS, the Secretary of the Department of Transportation and Development is requesting that a state of emergency be declared pursuant to the Louisiana Homeland Security and Emergency Assistance and Disaster Act, La. R.S. 29:721, *et seq.*; and

WHEREAS, further, several additional measures are necessary to ensure that goods and supplies can be delivered within the State of Louisiana: that health care providers can be available for treatment of those affected with COVID-19; that certain fees and fines for the Department of Health for those affected by the disaster are waived; that certain insurance regulations may be lifted by the Commissioner of Insurance; and that workers who lose employment because of this emergency are able to obtain unemployment benefits in a timely manner.

NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

SECTION 1: There shall be an exemption from the federal rules and regulations that limit the hours operators of commercial vehicles may drive, specifically, Part 395 (drivers' hours of service) of Title 49 of the Code of Federal Regulations, and any additional appropriate response regarding additional expenditures due to this declaration as determined by the Secretary of the Department of Transportation and Development, or by the Louisiana State Police or local law enforcement agencies for public safety issues in order to ensure the uninterrupted supply of essential goods and commodities.

SECTION 2: Nothing herein shall be construed as an exemption from the Commercial Driver's License requirements in 49 CFR 383, the financial requirements in 49 CFR 387, or applicable federal size and weight limitations.

- SECTION 3:** The Commissioner of Insurance shall have limited authority from the Governor to suspend provisions of any regulatory statute of Title 22 of the Louisiana Revised Statutes of 1950 concerning any health insurance policy or contract relative to the current public health emergency, where such statutory or regulatory requirements prevent, hinder, or delay necessary action in coping with the current public health emergency, including the prohibition of any cost sharing, deductibles, copayments, and coinsurance related to the diagnosis or approved treatment of COVID-19.
- SECTION 4:** This authority granted to the Commissioner shall not relieve an insured who has a claim caused by this public health emergency, or its aftermath, from compliance with the insured's obligation to provide information and cooperate in the claim adjustment process relative to such claim, or to pay insurance premiums upon termination of the provisions of this Order.
- SECTION 5:** Louisiana state licensure laws, rules, and regulations for medical professionals and personnel are hereby suspended for those medical professionals and personnel from other states or other countries offering medical services in Louisiana to those needing medical services as a result of this disaster provided that said out-of-state or out-of-country medical professionals and personnel possess a current medical license in good standing in their respective state or country of licensure and that they practice in good faith and within the reasonable scope of his or her skills, training, or ability.
- SECTION 6:** All out-of-state or out-of-country medical professionals and personnel offering services in the state of Louisiana by authority of this Order shall submit to the State Health Officer, or his designee at the Office of Public Health within the Louisiana Department of Health, a copy of their respective professional license and photo identification, together with any other forms or documents the State Health Officer may require, by contacting the Office of Public Health.
- SECTION 7:** The following specific provisions of the Louisiana Revised Statutes of 1950 related to the imposition of fees or charges related to transactions with the Department of Health, or their authorized agent, as qualified by this Order, are hereby suspended for transactions by individuals when, as determined by any guidelines or directions issued by the Secretary, the request is a result of the emergency conditions:
- A. La. R.S. 40:40(2), to the extent that it requires payment of a fee for production of a duplicate birth record; and
 - B. La. R.S. 40:40(3), to the extent that it requires payment of a fee for production of a duplicate death certificate.
- SECTION 8:** The following statutes relating to unemployment insurance are hereby suspended to the extent and in the manner provided for below:
- A. La. R.S. 23:1600(4) shall be suspended while this Order is in effect for emergency-related claims to the extent that claimants are required to wait a period of one week before receiving benefits.
 - B. La. R.S. 23:1601(1) and (2), which provide certain disqualifications for otherwise eligible claimants. Such disqualifications include reasons for separation from employment, including a substantial change in employment by the employer or intentional misconduct connected with employment by the claimant. Separations that are the direct result of the impact caused by COVID-19 are not the fault of either the employer or the claimant. Administration of these separation issues with regard to such claims places an unnecessary burden on the state's unemployment system. Otherwise eligible claimants shall not be disqualified based on R.S. 23:1601(1) or (2).

SECTION 9: All departments, commissions, boards, agencies and officers of the State, or any political subdivision thereof, are authorized and directed to cooperate in actions the State may take in response to the effects of this event.

SECTION 10: These provisions extend retroactively from the initial declaration of emergency from Wednesday, March 11, 2020 to Thursday, April 9, 2020, unless terminated sooner.

IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana in the City of Baton Rouge, on this 14th day of March, 2020.

***ADDITIONAL MEASURES FOR COVID-19
STAY AT HOME***

- WHEREAS,** on March 11, 2020, in Emergency Proclamation Number 25 JBE 2020, the Governor declared that a statewide public health emergency exists in the State of Louisiana because of COVID-19 and expressly empowered the Governor's Office of Homeland Security and Emergency Preparedness and the Secretary of the Department of Health and/or the State Health Officer to take all actions authorized under state law;
- WHEREAS,** on March 13, 2020, in Emergency Proclamation Number 27 JBE 2020, the Governor supplemented the measures taken in his declaration of a Public Health Emergency with additional restrictions and suspensions of deadlines and regulations in order to protect the health and safety of the public because of COVID-19;
- WHEREAS,** the extraordinary threat posed by COVID-19 has caused critical shortages of health care equipment, personal protective equipment, and possible shortages in hospital beds, throughout the state;
- WHEREAS,** without additional measures to slow the spread of COVID-19 in the state, health care facilities in parts of the state or even throughout the state are at significant risk of being overwhelmed;
- WHEREAS,** in line with guidance from the Centers for Disease Control (CDC) and after consultation with the State Health Officer and the Director of the National Institute of Allergy and Infectious Disease, it is clear that additional measures are necessary to protect the health and safety of the public, to mitigate the impact of COVID-19, and to disrupt the spread of the virus;
- WHEREAS,** after declaration of a public health emergency, the Governor is authorized by La. R.S. 29:766(D)(7) to control "ingress and egress to and from a disaster area, the movement of persons within the area, and the occupancy of premises therein";
- WHEREAS,** in addition to the temporary closure of certain businesses ordered because of this emergency in Section 2 of Proclamation Number 30 JBE 2020, certain additional businesses need to be temporarily closed to the public during this emergency;

- WHEREAS,** these measures relating to closure of certain businesses and to limit the operations of non-essential businesses are necessary because of the propensity of the COVID-19 virus to spread via personal interactions and because of physical contamination of property due to its ability to attach to surfaces for prolonged periods of time; and

WHEREAS, these measures are necessary to protect the health and safety of the people of Louisiana.

NOW THEREFORE, I, JOHN BEL EDWARDS, Governor of the State of Louisiana, by virtue of the authority vested by the Constitution and the laws of the State of Louisiana, do hereby order and direct as follows:

SECTION 1: All state office buildings are closed to the public, effective immediately. However, essential state functions shall continue.

SECTION 2: Section 1 of Proclamation Number 30 JBE 2020 is hereby amended as follows:

In an effort to reduce and limit the spread of COVID-19 in Louisiana, and to preserve the health and safety of all members of the public, all gatherings of **10** people or more shall be postponed or cancelled. It does not apply to normal operations at locations like airports, medical facilities, office buildings, factories or manufacturing facilities, or grocery stores. This provision may be extended beyond Monday, April 13, 2020 by further order.

SECTION 3: To preserve the public health and safety, and to ensure the healthcare system is capable of serving all citizens in need, especially those at high risk and vulnerable to COVID-19, all individuals within the state of Louisiana are under a general stay-at-home order and are directed to stay home unless performing an essential activity.
